

# A guide to waste separation

A careful waste collection for a better environment.

## Instructions without boundaries

**This guide will be available in the languages most spoken by foreign citizens** in San Donato. We would invite you to spread this newsheet, so that everybody can easily read it in their own native language by downloading it from the links below or requesting it at the Ufficio Stranieri of the Municipality, in Via Cesare Battisti, 2 - San Donato Milanese.

## 70%: a shared objective

Dear Citizens,

In San Donato, the separate waste collection started, in its present form, back in 2002. Since then we made many steps ahead in reducing and differentiating the waste, achieving a 50% rate of recycled materials. This result, however, is not enough: as a Local Administration, we want to improve it through a series of good practices.

The objective we have set is ambitious. We aim at achieving a rate of 70% within the next three years. In order to reach this goal, we introduced new services and initiatives, such as the quarterly distribution of biodegradable bags for the collection of food waste, and the monthly presence in each city area of the CAM (Centro Ambientale Mobile, a mobile recycling platform) with the aim of simplifying the disposal “in the neighbourhood” of special categories of waste (for example, small electric and electronic appliances, vegetable oils, light bulbs, etc.).

With this brochure we would like to underline the importance of each one of us in promoting a virtuous system for the management and disposal of waste. The simple gestures explained in this guide, repeated thousands of times in our homes, in our commercial activities, in the offices and in public buildings can generate extraordinary results in terms of health protection, environmental improvement and money saving.

Soon we will also implement an incentive programme for separate waste collection, as a recognition for citizens who do it with care and attention. Within 2017, the “awards” will be included in a pricing system on the waste produced, with a reduction of charges for those who will separate better, reducing the volume of unsorted waste.

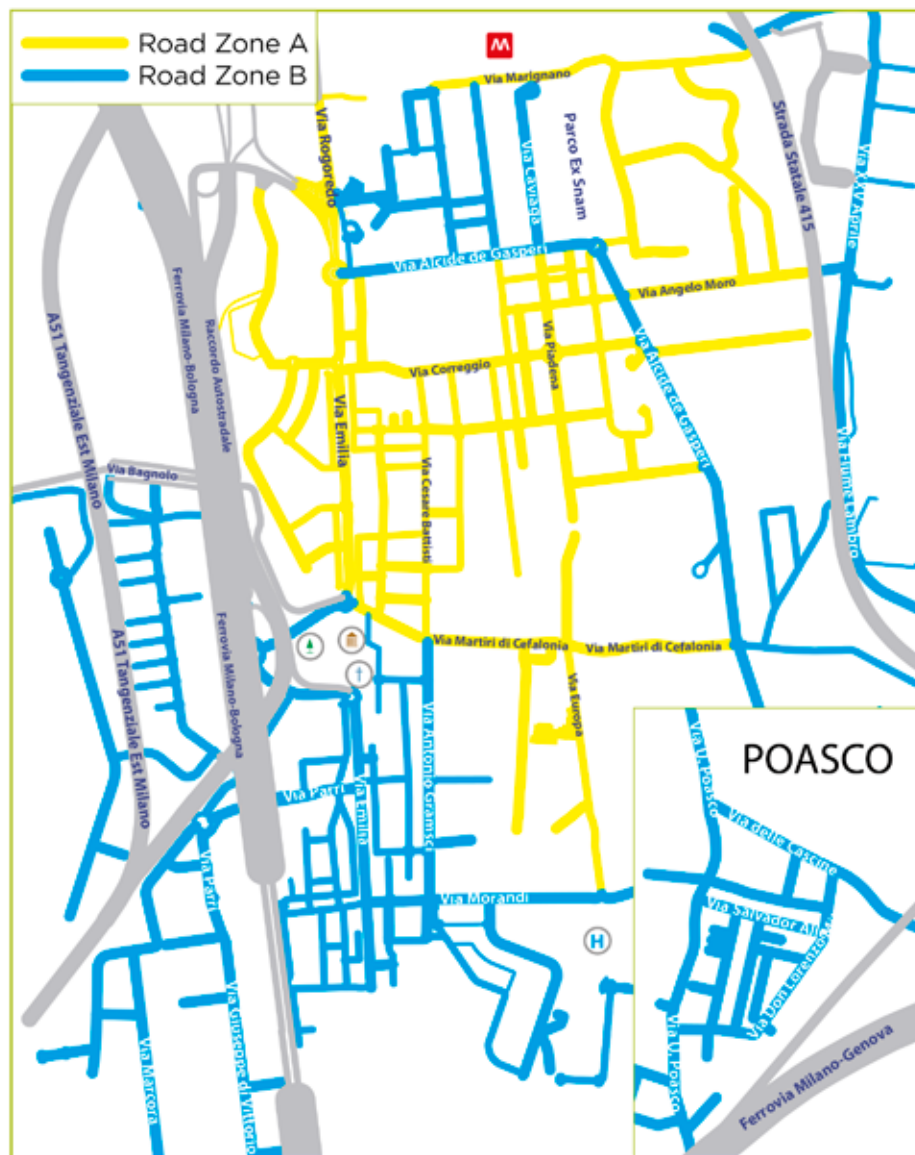

Finally, further to the incentives, a stricter control scheme will be put in place. Checks will be carried out by dedicated professionals who will identify the infringements to environmental hygiene rules. These operators will check that waste be correctly conferred in the right containers as well as the right times for placing bins and bags outside the buildings.

The path we have taken is long and ambitious, but we are well aware of the benefits it will bring to our community: this is why we ask you to join us with enthusiasm in this challenge. Together we can make San Donato a better city for us and for our children.

The Advisor for Environmental Policies  
Andrea Battocchio

The Mayor  
Andrea Checchi

## Separate waste collection

### Door-to-door separate waste collection

#### How to separate waste

#### Transparent bag: unsorted waste

All the refuse not to be differentiated

- Oiled and sandpaper, till slips
- Broken crockery and ceramics in general
- Non electronic plastic toys, without batteries
- Cd, dvd, music cassettes and video cassettes
- Vacuum cleaner filters and bags, cigarette butts
- Diapers, hygienic pads, plasters, disposable razors
- X-rays, photographs

**Collected twice for week**

---

#### Brown container: household food waste

- Fruit and vegetable remains (including hard parts, dried fruit and pitts)
- Meat and fish kitchen remains (including fish bones, bone fragments and feathers), egg shells
- Kitchen waste, food leftovers (both cooked and raw), eliminating liquids in excess
- Leftover food, rice, bread, biscuits, pasta and wheat products
- Coffee dregs, tea filters, camomile and infusion bags
- Used paper tissues and handkerchiefs
- Seeds, flowers, trimming and leaves of apartment plants

**Collected twice for week**

---

#### White container: paper and cardboard

- Newspapers, notebooks and magazines (without adhesive parts, metal or plastic)
- Cardboard containers for drinks and food (milk, fruit juices and other drinks)
- Bags, cardboard food trays and boxes
- Cardboard boxes for toys and garments
- Pizza box without left-over food

**Collected once per week**

---

#### Green container: glass

- Glass bottles and jars

**Collected once per week**

---

#### Yellow bag: plastic and metal

- Bottles and tubes
- Bags, plastic plates and glasses
- Food trays, also in polystyrene
- Metal food cans and vases
- Drink cans
- Coffee pots, saucepans

**Collected once per week**

## Where to throw it away

## Beyond door-to-door collection

### Amenity Centre - Recycling platform via per Monticello

This is a guarded and equipped area to which citizens can bring all the recyclable materials, including bulky items (such as glass sheets or large cardboard packagings), large items, inert materials (such as building waste, broken ceramics, paint scraps) or dangerous household waste. The collection is free of charge for citizens domiciled in the city.

Please remember that it is forbidden to abandon waste outside the recycling facility premises. Offenders will be prosecuted.

#### Summer timetable:

Monday to Friday (09:00 to 12:30, 14:30 to 17:00)  
Saturday ((09:00 to 12:30, 14:00 to 18:00)

#### Winter timetable:

Monday to Friday (09:00 to 12:30, 14:30 to 17:00)  
Saturday ((08:30 to 12:30, 13:30 to 17:00)

The recycling platform/amenity centre is managed by the Municipality, and has the following **phone number 02-5270320**.

### CAM – Mobile Environmental Centre

#### The recycling platform in your neighbourhood

IT is a mobile amenity centre where citizens can bring Electric and Electronic Waste (RAEE) such as small appliances, batteries, energy-saving bulbs and neon tubes. Also vegetable oils, spray cans and toner cartridges can be conferred here.

### The CAM is present 4 times per month in the city areas with the following schedule:

VIA BATTISTI 2 - In front of the City Hall

8.00 am-12.00 - 1st Friday of each month

VIA UNICA POASCO 6 -

8.00 am - 12.00 - 2nd Saturday of each month

School parking, in front of the civil registry office

8.00 am - 12.00 - 3rd Saturday of each month

VIA DI VITTORIO - Parking lot

8.00 am - 12.00 - 4th Saturday of each month

VIA DI VITTORIO - Shopping mall

For information please call the **Toll-free number 800-33229**

### **Bulky Items collection service**

The door-to-door collection of bulky items is free of charge, within the limits and conditions set forth in the Municipal Regulation and/or the Mayoral Ordinance.

**You can book the collection online on [www.amsa.it](http://www.amsa.it), through the app PULiamo, or by calling the toll-free number 800-332299.**

The collection service is limited to the following types of bulky waste:

- furniture (cupboards, tables, armchairs, sofas, beddings, chairs, etc.).
- Shelves
- mattresses
- apartment plants
- refrigerators, freezers, deep-freezers
- computers
- washing machines, dishwashers, air conditioners
- water heaters
- exercise bikes

On the day scheduled, the material to be collected shall be put on the pavement right in front of the street number indicated, at the time that will be communicated when you fix the appointment.

### **Batteries**

In the special road containers and in the indoor containers at electric and electronic appliance shops.

### **Medicines**

In the special containers at pharmacies.

### **Clothing and fabrics**

In the special yellow road containers.

### **Garden trimmings**

Collected on Thursdays and Saturdays, upon booking at the Toll-free number **800-332299**.
